Lemon-Aid New Cars and Trucks 2013 Sep 15 2021 Canada 's automotive "Dr. Phil" says there ' s never been a better time to buy a new car or truck. For deals on wheels, 2013 will be a "perfect storm." There ' s never been a better time to buy a new car or truck, thanks to a stronger Canadian dollar, a worldwide recession driving prices downward, and a more competitive Japanese auto industry that ' s still reeling from a series of natural disasters. In addition to lower prices and more choices, 2013 car buyers will see more generous cash rebates, low financing rates, bargain leases, and free auto maintenance programs. Buy, sell, or hold? Which cars and trucks are "wallet-friendly" and can easily last 15 years? Which vehicles offer the most features to best accommodate senior drivers? Do ethanol and hybrid fuel-saving claims have more in common with Harry Potter than the Society of Automotive Engineers? Is GM ' s 2013 Volt electric car destined to become an electric Edsel? These questions and more are answered in this informative guide.

Corvette Performance Projects 1968-1982 Aug 22 2019 Of the five generations of Corvettes, the C3 or "shark" models are among the most popular with do-it-yourselfers. Produced from 1968 all the way up to 1982, most C3 Corvettes haven't reached the collector status (and inflated prices) of earlier models. Far from being the black sheep of the Corvette family though, these attractive cars are plentiful (500,000+ were built) and affordable enough that they can be purchased, maintained, and enjoyed by a large spectrum of car lovers. The vast majority are powered by the popular 350ci small block- perhaps the most modified and successful performance engine ever.
