**Chevy SS** Sep 27 2022 DIVO On the 1957 auto show circuit, Chevrolet unveiled a show car based on its Corvette and dubbed it the "Super Sport." The performance car world took one look and never looked back. A combination of styling and performance upgrades, the SS package could turn something as mundane as a six-cylinder Malibu into the fire-breathing Chevelle SS396. This book traces the long line of legendary SS models, from Chevy's Super Sport version of its popular Impala, which marked the dawn of the muscle car era, to today's Impala SS. Featuring the work of acclaimed photo ace David Newhardt, Chevy SS: The Super Sport Story provides a close-up, detailed, full-color look at such classic muscle cars as the Chevelle, the El Camino, the Malibu, and the Monte Carlo as well as today's hot Camaro SS. The book is a fittingly elegant celebration of the cars that redefined "high performance" and defined an era./div

**Lemon-Aid New Cars and Trucks 2011** Dec 07 2020 As U.S. and Canadian automakers and dealers face bankruptcy and Toyota battles unprecedented quality-control problems, Lemon-Aid guides steer the confused and anxious buyer through the economic meltdown unlike any other car-and-truck books on the market. Phil Edmonston, Canada's automotive "Dr. Phil" for more than 40 years, pulls no punches. In this all-new guide he says: Chrysler's days are numbered with the dubious help of Fiat. Electric cars and ethanol power are PR gimmicks. Diesel and natural gas are the future. Be wary of "zombie" vehicles: Jaguar, Land Rover, Saab, and Volvo. Mercedes-Benz -- rich cars, poor quality. There's only one Saturn you should buy. Toyota -- enough apologies: "when you mess up, 'fess up."

**Chevrolet, 1960-2012** Nov 05 2020 Photo by photo, discover the stories of an iconic American company and the cars they made. Images of America: Chevrolet: 1960-2012 is the second

of a two-volume photographic history of Chevrolet, one of the world's best-known automotive brands, symbolized by the bow tie emblem. From 1960 to 2012, the US auto industry and Chevrolet experienced fundamental changes in their products and business plans. In the 50-plus years illustrated here, two basic changes in the marketing of motor vehicles is evident: the rising proportion of trucks among all vehicles sold and the incursion of European and Asian brands into the market. Even though the number of different Chevrolet passenger car models tripled, total car sales for the brand fell. Chevrolet: 1960-2012 relates the year-by-year evolution of the US auto business via what was once the largest-selling make.
