Here you will discover: ● How to actually find stillness when your mind is going crazy ● Why most guided meditations get boring after a while ● What nobody tells you about

“setting intentions” and the scientific process to manifesting ● Four hidden habits that sabotage your growth—and how to move past them ● Proven techniques to overcome anxiety, stress, and trouble sleeping ● Daily rituals that cement and enrich your practice ● How to use mindfulness to take action toward the causes you believe in and get sh!t done Whether you've tried meditation but it never sticks, or you've heard about it but never gave it a shot, Justin Michael Williams guides you step by step in creating a custom meditation ritual that fits in with your busy (and sometimes messy!) modern life. Gavin de Becker, Bestselling Author, *The Gift of Fear* A wise and inspiring guide to parenting through the extraordinary- and at times tumultuous-journey that is the adolescent and teenage years. When Tom Sturges became a father, he decided that he wanted to be one of the greatest fathers that ever walked the earth. But things became a bit more complicated when his older son turned ten, and the chatty kid he'd known suddenly

started locking his bedroom door. Tom realized he needed to find a way to stay on track-he needed crib notes. So, if a parenting idea or technique worked well, he wrote it down. And if he stumbled across something another parent did that was particularly ingenious or exemplary, he wrote that down, too. In *Grow the Tree You Got*, Tom presents "golden rules" for raising happy, healthy, and compassionate adults. His mantra? It's impossible to show our children too much respect, but it's worth the effort to try. The truth of the matter is, we all have our moments of fear and we all fear for different reasons.

Everyone will encounter fear but only those who overcome it, know how to turn it into courage and be the best version of themselves. There are different types of fear and everyone has a different approach in overcoming them. Find out how you can find out yours and be at your best self today! Living a

morally good life today is a challenge. But we become fully and authentically human precisely by the decisions we make every day—some of them relatively simple, others complex and difficult. Once a choice is made, we still must claim the moral resolve and strength of character to implement it. Virtues are precisely the sustained habits that help us maneuver life's many choices and to become the good people that we want to be. St. Thomas Aquinas offers the classic Christian presentation of the four principal virtues of prudence, justice, courage,

and temperance. But these are precisely cardinal or "hinge" virtues that provide the foundational framework for Aquinas's much broader presentation of a multitude of other virtues. Neglect of this larger array of moral attitudes for good living would miss the breadth of Aquinas's insights into a human life truly well-lived. *Virtues Abounding* explores, in contemporary language, the practical insights that Aquinas offers for the moral life today. Whether in university, seminary, or adult faith formation settings—whether for a deeper intellectual understanding of

virtues or for personal reflection and growth—Virtues Abounding will provide new insight into a classic but too often overlooked storehouse of moral riches. During the first half of the twentieth century, Marquette grows into the Queen City of the North. Here is the tale of a small town undergoing change as its horses are replaced by streetcars and automobiles, and its pioneers are replaced by new generations who prosper despite two

Jacob Whitman's children engage in a family feud. The Queen City's residents marry, divorce, have children, die, break their hearts, go to war, gossip, blackmail, raise families, move away, and then return to Marquette. And always, always they are in love with the haunting land that is their home. While there are millions of graduates leaving colleges and universities every year, major

statistics show that more than 53 percent of these graduates are either unemployed or underemployed. In addition, many young people today fail to live up to their potential or even attempt to achieve their dreams due to lack of confidence in their abilities that often results from not being given permission to be and develop who they truly are. In THE NEW GENERATION OF LEADERSHIP, the authors gives outright that permission, and shares practical steps, inspiring stories and anecdotes, helpful principles, and uncommon truths in the nurturing of those innate

qualities that will help young people increase their value, excel and stand out from the crowd. Think outside the big-box hotels and discover North America's most inspiring outdoor getaways. Bestselling author Bob Goff provides a step-by-step road map to breaking

through the barriers that are holding you back. Each of the five sessions explores a different aspect of what it means to dream big: Get Ready to Dream Big - Before he healed him, Jesus asked the blind man, "Do you want to get well?" You have to want to dream again before you can come to any clear idea about who you are. Set Absurd Expectations - Dreaming big requires you to suspend your practical way of seeing things long enough to look beyond logistics and limitations. Clear the Path - Discover new paths through places you previously assumed were impassable by

looking at the reasons you think you can't pursue your dreams. Push Through Setbacks - Learn to push through your fear of another failure by exploring the story of Peter trying to walk on water. Land the Plane - Time to advance from ideas and get started by taking action with real steps. If anyone knows how to live life to the fullest, it's Bob Goff. He's already dazzled readers with his audacious, live-out-loud approach and stories told in Love Does and Everybody, Always. Yet as unique as Bob might seem, he had to make his own choice to dream big, and he wants to take you and your study
