A Historical Theology of the Hebrew Bible

Aug 15 2021 In this meticulously researched study, Konrad Schmid offers a historical clarification of the concept of “theology.” He then examines the theologies of the three constituent parts of the Hebrew Bible—the Torah, the Prophets, and the Writings— before tracing how these theological concepts developed throughout the history of ancient Israel and early Judaism. Schmid not only explores the theology of the biblical books in isolation, but he also offers unifying principles and links between the distinct units that make up the Hebrew Bible. By focusing on both the theology of the whole Hebrew Bible as well as its individual pieces, *A Historical Theology of the Hebrew Bible* provides a comprehensive discussion of theological work within the Hebrew Bible.

Der lange Weg zur Freiheit Jun 24 2022 »Ich bin einer von ungezählten Millionen, die durch Nelson Mandelas Leben inspiriert wurden.«

Barack Obama Eine fast drei Jahrzehnte währende Gefängnishaft ließ Nelson Mandela zum Mythos der schwarzen Befreiungsbewegung werden. Kaum ein anderer Politiker unserer Zeit symbolisiert heute in solchem Maße die Friedenshoffnungen der Menschheit und den Gedanken der Aussöhnung aller Rassen wie der ehemalige südafrikanische Präsident und Friedensnobelpreisträger. Auch nach seinem Tod finden seine ungebrochene Charakterstärke und Menschenfreundlichkeit die Bewunderung aller friedenswilligen Menschen auf der Welt. Mandelas Lebensgeschichte ist über die politische Bedeutung hinaus ein spannend zu lesendes, kenntnis- und faktenreiches Dokument menschlicher Entwicklung unter Bedingungen und Fährnissen, vor denen die meisten Menschen innerlich wie äußerlich kapituliert haben dürften.

Facebook, Surfen und Co. Sep 27 2022 Kinder und Jugendliche bewegen sich heutzutage wie selbstverständlich im Internet - sei es mit dem

Computer oder dem Smartphone. Dies ist auch durchaus unterstützenswert, da sie von zahlreichen Informations-, Kommunikations- und Unterhaltungsangeboten profitieren können. Die Vielzahl der Möglichkeiten bringt allerdings auch einige Gefahren mit sich - dieses Buch zeigt Ihnen, wie Sie Ihr Kind sicher davor schützen. Sie erfahren, wie Sie den Computer oder das Smartphone kindersicher einrichten, wie Ihr Kind spielerisch lernen kann, welche privaten Informationen es unbedingt schützen sollte, und wie es echte Freunde von zwielichtigen Fremden unterscheidet. Außerdem wird thematisiert, was Sie tun können, wenn Ihr Kind Opfer von Cybermobbing wird, versehentlich ein Abo abgeschlossen hat oder wenn aufgrund eines illegalen Musik- oder Film-Downloads eine Abmahnung ins Haus flattert. Und da sich gerade Jugendliche des Öfteren zurückziehen, erfahren Sie auch, woran Sie erkennen, ob Ihr Kind möglicherweise schon onlinesüchtig ist. Im zweiten Teil des Buchs

dreht sich dann alles konkret um die bei Kindern und Jugendlichen beliebtesten sozialen Netzwerke Facebook, Google+, YouTube, Twitter, Pinterest, Instagram und Foursquare. Sie lernen, worauf Ihr Kind grundsätzlich achten sollte, und legen Schritt für Schritt Profile an, die so abgesichert sind, dass die nächste "Facebook-Party" bestimmt nicht bei Ihnen stattfinden wird!

Masculinity, Corporality and the English Stage 1580-1635 Mar 22 2022 The significance of human anatomy to the most physical of art forms, the theatre, has hitherto been an under-explored topic. Filling this gap, Christian Billing questions conventional wisdom regarding the one-sex anatomical model and uses a range of medical treatises to delineate an emergent two-sex paradigm of human biology. The impact such a model had on the staging of the human form in English professional theatre is also explored in appraisals of: (i) the homo-erotic significance of a two-sex paradigm; (ii) social and theatrical

cross-dressing; (iii) the uses of theatrical androgyny; (iv) masculine corporality and the representation of assertive women; and (v) the theatrical poetics of human dissection. Billing supports cultural and scientific study with close-readings of Lyly, Shakespeare, Jonson, Middleton, Dekker, Beaumont, Fletcher, and Ford. The book provides a sophisticated and original analysis of the early modern stage body as a discursive site in wider debates concerning sexuality and gender.

Francis Bacon's Inquiry Touching Human Nature Feb 18 2022

Francis Bacon's 'Inquiry Touching Human Nature' is an engagement at a fundamental level with the political and philosophic thought of one of the founders of modernity, Francis Bacon. Bacon had a comprehensive vision of the human situation. And because he saw the costs or dangers of modern life as clearly as he predicted its achievements and boons, Bacon is a thinker who addresses directly and deeply our own perplexities.

The Church Awakening Mar 10 2021 In THE CHURCH AWAKENING, Charles Swindoll discusses the challenges, struggles, and priorities of the church in the twenty-first century. He reveals the problems inherent in the entertainment-based postmodern church and

shows how a return to biblical teaching will restore its strength and impact. Now being replaced by a feel-good message instead of what Christians need to know to stand strong in a world that's lost its way--Swindoll exposes the problems of--and solutions for--the postmodern evangelical church. Just as he opened readers' eyes with his bold statements in *The Grace Awakening*, now he offers a straightforward volume revealing how to reestablish a life-altering church with Christ as Lord and Master. Illuminating and empowering, *THE CHURCH AWAKENING* will ignite a revolution in the way Christians "do church" for years to come.

Globalization of Communes Jul 14 2021 After World War II, communes and cooperative communities became internationally oriented in their membership and networking began to develop. Unlike earlier such enterprises, these groups shared an openness to international relationships. This was evident both in the groups' social composition, and in the extension of networks beyond their own country. Such globalization opened up the possibility of comparative analysis, which has become a trend in research since the 1950s. The dynamism and speed with which voluntary communities have spread throughout the world is impressive. In the 1950s there were only a few hundred such societies, but by the end of the last century there were thousands. These have taken a variety of forms. There are religious and secular communes, intentional communities, ecological

communities, co-housing projects, various types of Christian communities, communities of Eastern religions, and spiritual communities inspired by New Age thought. Yaacov Oved shows that such societies maintain a community based on cooperation and expand their influence through newspapers, television, and the Internet. Their chief characteristic is their openness to the outside world, and their search for a way to move beyond a world of individualism and competitiveness. To accomplish this, they embrace all the tools of the modern world. Oved observes that those who predicted the failure of communes and intentional communities failed to appreciate the extent to which people in today's society aspire to communal life. This book answers the doubters and does so with a sense of deep historical understanding.

Pericles Apr 22 2022 Suzanne Gossett offers a full and critical performance history, with an introduction showing how the play's

performance history has paralleled the criticism. It then gives an interpretation of this two-generation romance, with its successive male and female central characters, based on a reading 'through the family', and influenced by the feminist and new historicist criticism of the last two decades. The edition integrates cumulative research on Shakespeare's collaborative authorship and the transmission of the text without rewriting the play or ignoring years of emendations.

A Lexical Concordance to the Poetical Works of Percy Bysshe Shelley Aug 27 2022
Martyrdom, Self-Sacrifice, and Self-

Immolation Oct 24 2019 Suicide in the forms of martyrdom, self-sacrifice, or self-immolation is perennially controversial: Should it rightly be termed suicide? Does religion sanction it? Should it be celebrated or anathematized? At least some idealization of such self-chosen deaths is found in every religious tradition treated in this volume, from ascetic heroes who conquer their passions to save others by dying, to righteous warriors who suffer and die valiantly while challenging the status quo. At the

same time, there are persistent disputes about the concepts used to justify these deaths, such as altruism, heroism, and religion itself. In this volume, renowned scholars bring their literary and historical expertise to bear on the contested issue of religiously sanctioned suicide. Three examine contemporary movements with disputed classical roots, while eleven look at classical religious literatures which variously laud and disparage figures who invite self-harm to the point of death. Overall, the volume offers an important scholarly corrective to the axiom that religious traditions simply and always embrace life at any cost.

Mind Seeing Mind Oct 29 2022 A definitive study of one of the most important practices in Tibetan Buddhism, with translations of a number

of its key texts. Mahamudra, the “great seal,” refers to the ultimate nature of mind and reality, to a meditative practice for realizing that ultimate reality, and to the final fruition of buddhahood. It is especially prominent in the Kagyü tradition of Tibetan Buddhism, so it sometimes comes as a surprise that mahamudra has played an important role in the Geluk school, where it is part of a special transmission received in a vision by the tradition’s founder, Tsongkhapa. Mahamudra is a significant component of Geluk ritual and meditative life, widely studied and taught by contemporary masters such as the Dalai Lama. Roger Jackson’s *Mind Seeing Mind* offers us both a definitive scholarly study of the history, texts, and doctrines of Geluk mahamudra and masterful translations of its seminal texts. It provides a skillful survey of the Indian sources of the

teaching, illuminates the place of mahamudra among Tibetan Buddhist schools, and details the history and major textual sources of Geluk mahamudra. Jackson also addresses critical questions, such as the relation between Geluk and Kagyü mahamudra, and places mahamudra in the context of contemporary religious studies. The translation portion of *Mind Seeing Mind* includes ten texts on mahamudra history, ritual, and practice. Among these are the First Panchen Lama’s root verses and autocommentary on mahamudra meditation, his ritual masterpiece *Offering to the Guru*, and a selection of his songs of spiritual experience. *Mind Seeing Mind* adds considerably to our understanding of Tibetan Buddhist spirituality and shows how mahamudra came to be woven throughout the fabric of the Geluk tradition.
