In the U.S., the homeless have traveled from the freight train to the shelter. Skid row was an extended stop along the way. Giamo reveals his encounter with the city and old Bowery of the 1970s. He simply followed the drift of homelessness. When it led him to the Bowery, the historic skid row, he dropped down to what had been, and still was at that time, the netherworld of New York City. Striving to attain authenticity, the author and his collaborator immersed themselves in the usual activities of the area and befriended the residents. As a result, they were enlightened about the lifestyle and meaning of skid row homelessness. Notes from the Bowery combines the personal essay, literary nonfiction, and cultural history to represent the significance of American life in the city and on the skids. Engaging, insightful, and deeply felt, Notes from the Bowery will give readers an enriching experience as they accompany the author on a journey of descent and discovery. This sourcebook offers an introduction to Thomas Hardy's crucial novel, offering: a contextual overview, a chronology and reprinted contemporary documents, including a selection of Hardy's poems an overview of the book's early reception and recent critical fortunes, as well as a wide range of reprinted extracts from critical works key passages from the novel, reprinted with editorial comment and cross-referenced within the volume to contextual and critical documents suggestions for further reading and a list of relevant web resources. For students on a wide range of courses, this sourcebook offers the essential stepping-stone from a basic reading knowledge to an advanced understanding of Hardy's best-known novel. Mary Wollstonecraft wrote these two novellas at the beginning and end of her years of writing and political activism. Though written at different times, they explore some of the same issues: ideals of femininity as celebrated by the cult of sensibility, the unequal education of women, and domestic subjugation. Mary counters the contemporary trend of weak, emotional heroines with the story of an intelligent and creative young woman who educates herself through her close friendships with men and women. Darker and more overtly feminist, The Wrongs of Woman is set in an insane asylum, where a young woman has been wrongly imprisoned by her husband. By presenting the novellas in light of such texts as Wollstonecraft's letters, her polemical and educational prose, similar works by other feminists and political reformists, the literature of sentiment, and contemporary medical texts, this edition encourages an appreciation of the complexity and sophistication of Wollstonecraft's writing goals as a radical feminist in the 1790s. This collection examines the ways in which women have used political rhetoric and political discourse to provide leadership, or assert their right to leadership, at the national level. While over the years women have broken through traditional roles, they are still underrepresented in political leadership. In this text, scholars consider the various factors that continue to restrict political leadership opportunities for women as well as some of the ways in which individual women have strategically sought to enact political power and leadership for themselves. The contributors analyze various case studies of leadership positions at the national level, looking at women who have run, been nominated to run, or appointed to national positions. The interdisciplinary approach lends itself to: rhetoric; political rhetoric; political discourse; leadership studies; women's studies; gender issues; satire; pop culture. Never Look Back is a chilling and compelling debut crime thriller from Clare Donoghue set in South East London. For all those who enjoy Peter James, Mark Billingham and Peter Robinson. Three women have been found brutally murdered in south London, the victims only feet away from help during each sadistic attack. And the killer is getting braver . . . Sarah Grainger is rapidly becoming too afraid to leave her house. Once an outgoing photographer, she knows that someone is watching her. A cryptic note brings everything into terrifying focus, but it's the chilling phone calls that take the case to another level. DI Mike Lockyer heads up the regional murder squad. With three bodies on his watch, and a killer growing in confidence, he frantically tries to find the link between these seemingly isolated incidents. What he discovers will not only test him professionally but will throw his personal life into turmoil too. Gorham (political science, Loyola U.) provides ideas for politicizing the classroom and for reconceptualizing faculty and student community service, based on Hannah Arendt's dramaturgical theory of politics and her method of political criticism. Annotation copyrighted by Book News, Inc., Portland, OR If Disney's Snow White and the Seven Dwarfs represented the Animation industry's infancy, Ed Hooks thinks that the current production line of big-budget features is its artistically awkward adolescence. While a well-funded marketing machine can conceal structural flaws, uneven performances and superfluous characters, the importance of crafted storytelling will only grow in importance as animation becomes a broader, more accessible art form. Craft Notes for Animators analyses specific films – including Frozen and Despicable Me – to explain the secrets of creating truthful stories and believable characters. It is an essential primer for the for tomorrow's industry leaders and animation artists. A register report is one of the clearest and most comprehensive ways to record a family tree - and is certainly far easier to handle than acres of family charts! A guide to improving Big6 skills offers tips on accessing and processing information. An award-winning Black feminist music critic takes us on an epic journey through radical sound from Bessie Smith to Beyoncé. Daphne A. Brooks explores more than a century of music archives to examine the critics, collectors, and listeners who have determined perceptions of Black women on stage and in the recording studio. How is it possible, she asks, that iconic artists such as Aretha Franklin and Beyoncé exist simultaneously at the center and on the fringe of the culture industry? Liner Notes for the Revolution offers a startling new perspective on these acclaimed figures—a perspective informed by the overlooked contributions of other Black women concerned with the work of their musical peers. Zora Neale Hurston appears as a sound archivist and a performer, Lorraine Hansberry as a queer Black feminist critic of modern culture, and Pauline Hopkins as America's first Black female cultural commentator. Brooks tackles the complicated racial politics of blues music recording, song collecting, and rock and roll criticism. She makes lyrical forays into the blues pioneers Bessie Smith and Mamie Smith, as well as fans who became critics, like the record-label entrepreneur and writer Rosetta Reitz. In the twenty-first century, pop superstar Janelle Monae's liner notes are recognized for their innovations, while celebrated singers Cécile McLorin Salvant, Rhiannon Giddens, and Valerie June take their place as cultural historians. With an innovative perspective on the story of Black women in popular music—and who should rightly tell it—Liner Notes for the Revolution pioneers a long overdue recognition and celebration of Black women musicians as radical intellectuals. Draws on mid-seventeenth to nineteenth-century slave narratives to describe oppression in the lives of enslaved African women. Investigates pre-colonial West and West Central African women's lives prior to European arrival to recover the cultural traditions and religious practices that helped enslaved women

combat violence and oppression. “This could be heaven or this could be hell!” The Eagles “Each one of them stood silently at the gravesite wondering what would happen next. Terri saw the woman in the cotton dress reach into her purse. She expected her to pull out her gun. The girl’s gaze narrowed as the woman, a Special Agent with the DEA, finally took a step forward and pulled out a tissue.” Requiem Roads is the story of a group of characters, each with their own ‘fatal’ flaws, suddenly carried along by events until they arrive at the Mission, a place shrouded by a devastating earthquake and by a violent and murderous past. Even as the mission is slowly and faithfully being reconstructed, such a place is filled with history, and history can easily be repeated. Yet the human heart still seeks to find its path, even while dodging firestorms, tornados, hired assassins, and the ghostly remnants of our own personal disasters.

Vital Notes for Nurses: Nursing Models, Theories and Practice provides a concise, accessible introduction to the development, application and evaluation of nursing theories and clearly outlines their relevance to everyday nursing practice. Wealthy and leisured Roger Lawrence adopts an orphaned twelve-year-old girl, Nora Lambert, and raises her as his eventual bride-to-be, but once Nora matures into a beautiful young woman, she is attracted to two other men. Henry James later disowned the book and spoke of "Roderick Hudson" as his first novel. Bram Stoker's initial notes and outlines for his landmark horror novel Dracula were auctioned at Sotheby's in London in 1913 and eventually made their way to the Rosenbach Museum and Library in Philadelphia, where they are housed today. Until now, few of the 124 pages have been transcribed or analyzed. This painstaking work reproduces the handwritten notes both in facsimile and in annotated transcription. It also includes Stoker's typewritten research notes and thoroughly analyzes all of the materials, which range from Stoker's thoughts on the novel's characters and settings to a nine-page calendar of events that includes most of the now-familiar story. Ample annotations guide readers through the construction of the novel and the changes that were made to its structure, plot, setting and characters. Nine appendices provide insight into Stoker's personal life, his other works and his early literary influences.

Reclaiming the Archive: Feminism and Film History brings together a diverse group of international feminist scholars to examine the intersections of feminism, history, and feminist theory in film. Editor Vicki Callahan has assembled essays that reflect a range of methodological approaches—including archival work, visual culture, reception studies, biography, ethno-historical studies, historiography, and textual analysis—by a diverse group of film and media studies scholars to prove that feminist theory, film history, and social practice are inevitably and productively intertwined. Essays in Reclaiming the Archive investigate the different models available in feminist film history and how those feminist strategies might serve as paradigmatic for other sites of feminist intervention. Chapters have an international focus and range chronologically from early cinema to post-feminist texts, organized around the key areas of reception, stars, and authorship. A final section examines the very definitions of feminism (post-feminism), cinema (transmedia), and archives (virtual and online) in place today. The essays in Reclaiming the Archive prove that a significant heritage of film studies lies in the study of feminism in film and feminist film theory. Scholars of film history and feminist studies will appreciate the breadth of work in this volume.

The hm Learning and Study Skills Program: Level II was designed to provide an introduction to learning and study skills for 8th, 9th, and 10th grade students through a series of activity-oriented units. It is structured on the assumption that an activity-oriented lesson is the most effective instructional strategy for the teaching of study skills: more succinctly, that “learning by doing” is the best way ‘study smart’. The Level II Teacher’s Guide includes a pretest, a wide variety of teaching suggestions, unit summaries, activities for retrieval and closure as well as teaching adaptations through the use of technology. It was published to help teachers assist students in the development of essential study skills and to reinforce their existing strategies that work. The Program supports academic independence for students that have a wide range of ability with college and career readiness as a tangible and realistic goal. In sixteen essays, prominent art historians, sculptors, scientists, and conservators discuss ancient marble sculpture. The essays are based on a symposium held at the J. Paul Getty Museum in April 1988. Topics include the provenancing of marble, the detection of marble forgeries, scientific analysis and authentication of ancient marble, marble quarrying and trade in the ancient world, and the techniques used in ancient sculpture.
