We want to make sure these questions are tough enough to really test your readiness and draw your focus to the weak areas. You should use this product together with other study resources for the best possible exam prep coverage. This Book is a Full Preparation for the PMI Agile Certified Practitioner (PMI-ACP)® with details Explanation (Latest Version) Agile is a topic of growing importance in project management. The marketplace reflects this importance, as project management practitioners increasingly embrace agile as a technique for managing successful projects. The PMI-ACP certification recognizes an individual's expertise in using agile practices in their projects, while demonstrating their increased professional versatility through agile tools and techniques. In addition, the PMI-ACP certification carries a higher level of professional credibility as it requires a combination of agile training, experience working on agile projects, and examination on agile principles, practices, tools, and techniques. This global certification also supports individuals in meeting the needs of organizations that rely on project practitioners to apply a diversity of methods to their project management. The PMI Agile Certified Practitioner (PMI-ACP)® formally recognizes your knowledge of agile principles and your skill with agile techniques. It will make you shine even brighter to your employers, stakeholders and peers. The PMI-ACP® is the fastest growing certification, and it's no wonder. Organizations that are highly agile and responsive to market dynamics complete more of their projects successfully than their slower-moving counterparts — 75 percent versus 56 percent — as shown in the PMI Pulse of the Profession® report. The PMI-ACP spans many approaches to agile such as Scrum, Kanban, Lean, extreme programming (XP) and test-driven development (TDD.) So it will increase your versatility, wherever your projects may take you. Gain and Maintain Your PMI-ACP •The certification exam has 120 multiple-choice questions and you have three hours to complete it. The PMI-ACP® examination will consist of 100 scored items and 20 unscored (pre-test) items. The unscored items will not be identified and will be randomly distributed throughout the exam. Who Should Apply? If you work on agile teams or if your organization is adopting agile practices, the PMI-ACP is a good choice for you. Compared with other agile certifications based solely on training and exams, the PMI-ACP is evidence of your real-world, hands-on experience and skill. Prerequisites •2,000 hours of general project experience working on teams. •1,500 hours working on agile project teams or with agile methodologies. This requirement is in addition to the 2,000 hours of general project experience. •21 contact hours of training in agile practices. Who this book is for: •Students who wants to pass their PMI-ACP Exam from the first try. •People who works on agile teams or if their organization is adopting agile practices. •people who are interested in entering the field of project management. •Engineers. •Business Development Managers. •Project managers responsible for all aspects of leading, project delivery and directing teams and needs to qualify for the PMP examination. •All people interested in project management Knowledge and International Certification. •The allocation of questions will be as follows: Domain: Percentage of Items on Test: Domain I. Agile Principles and Mindset (16%) Domain II. Value-driven Delivery (20%) Domain III. Stakeholder Engagement (17%) Domain IV. Team Performance (16%) Domain V. Adaptive Planning (12%) Domain VI. Problem Detection and Resolution (10%) Domain VII. Continuous Improvement (Product, Process, People) (9%) Peterson's Master the Real Estate License Exams: Practice Test 5 is an example of a full-length Real Estate License Exam, which includes questions about your state's real estate commission/board, licensing requirements, statutory requirements, and topics you will find on the national section of the exam relating to the code of ethics, general common law, and federal laws and programs. Whether you've just finished your real estate coursework or you're interested in changing careers, Peterson's Master the Real Estate License Exams provides you with everything you need to sharpen your Real Estate License Exam test-prep skills. Peterson's Master the Real Estate License Exams details essential real estate concepts, including the law of agency, types of ownership, contracts and deeds, and thorough information on those aspects of real estate laws, rules, and regulations that vary by state.
