**The Dionysian Mystical Theology** Aug 16 2021 This book introduces the Pseudo-Dionysian mystical theology, with glimpses at key stages in its interpretation and critical reception through the centuries. Part one reproduces and provides commentary on the elusive Areopagites own miniature essay, *The Mystical Theology*, impenetrable without judicious reference to the rest of the Dionysian corpus. Stages in the reception and critique of this Greek corpus and theme are sketched in part two, from the sixth-

century through the twelfth and to the critical reaction and opposition by Martin Luther in the Reformation.

**The Encyclopedia of the Stone-Campbell Movement** Feb 28 2020 With roots in British and American endeavors to restore apostolic Christianity, the Stone-Campbell Movement drew its inspiration from the independent efforts of nineteenth-century religious reformers Barton W. Stone and the father-son team of Thomas and Alexander Campbell. The union of these two movements in the 1830s and the growth of the new body thrust it into a place of significance in early nineteenth-century America, and it quickly spread to other parts of the English-speaking world. From its beginnings the Movement has developed into one of the most vital and diverse Christian traditions in the world. Today it encompasses three major American communions -- Churches of Christ, the Christian Church (Disciples of Christ), and Christian Churches/Churches of Christ -- as well as united churches in several other countries. Over ten years in the making, *The Encyclopedia of the Stone-Campbell Movement* offers for the first time a sweeping historical and theological treatment of this complex, vibrant global

communion. Written by more than 300 contributors, this major reference work contains over 700 original articles covering all of the significant individuals, events, places, and theological tenets that have shaped the Movement. Much more than simply a historical dictionary, this volume also constitutes an interpretive work reflecting historical consensus among Stone-Campbell scholars, even as it attempts to present a fair, representative picture of the rich heritage that is the Stone-Campbell Movement. Scores of photographs and illustrations (many quite rare) enrich and enliven the text, and an extensive, carefully prepared index facilitates ready access to important information throughout the volume. The Encyclopedia of the Stone-Campbell Movement - a standard reference work for religious, academic, public, and personal libraries everywhere. Features of this encyclopedia: Presents over 700 articles on the people, events, churches, and beliefs that comprise the Stone-Campbell tradition Provides cutting-edge commentary on current topics of discussion as well as basic historical knowledge Written by more than 300 scholars from across the Stone-Campbell Movement Enlivened with photographs and illustrations (some quite rare) from around the world Includes an extensive index for rapid reference

**Frontline Women: Warriors, Overcomers and Disciples** Nov 18 2021 What is a frontline woman? A frontline woman is a woman who has been called to stand and take lands, territories and nations for the Kingdom of God. A frontline woman has been through more aspects of spiritual warfare than the average person will ever encounter. A frontline woman is a woman who has been tried in the fire and emerged like pure gold. The Lord is looking for a vessel to pour out His spirit. He cannot pour His spirit into a bootleg or bastard. He is looking for a broken spirit and a contrite heart. He is looking for a vessel that is naked, broken and unashamed to stand for Him. Frontline women of God, this book is written for you. Why? Because you are kingdom women with a kingdom assignment and it is my prayer that this book will help you accomplish great things in the earth. Each assignment is unique to "the called" Kingdom woman. Just as no two women are

alike, no two assignments are alike. There may be similarities, but our assignments are unique to the divine design of God. It is time to get suited, booted and stand shoulder-to-shoulder, arms locked, ready for your Kingdom assignment. Ladies, Attention!

**Songs as Locus for a Lay Theology** Jan 21 2022 Hymns and songs have long been the most frequent and characteristic expression of communal beliefs, particularly among faith traditions that lack authoritarian or rigidly codified doctrinal statements. Even among Christian traditions that do include a strong focus on creeds, catechism and liturgy, it is hymnody, more than anything else, that sustains their lay theology. The hymns of Moshe Walsalam Sastriyar (1847-1916) and Sadhu Kochukunju Upadeshi (1883-1945)—both from the Kingdom of Travancore in southwest India—transcend denominational boundaries and have been embraced far beyond their historical communities of origin as a means of articulating faith and spirituality. Against a missionizing backdrop of western-dominated hymnody and theology, these songs and writings from the fringes of colonialism were embraced by local communities and became their chosen expression of faith. As such, they evoked a lay consciousness quite distinct from official theologies of the church. In Walsalam and Kochukunju, along with other Christian writers of their period and culture, we see a unique inter-weaving of local traditions and the global Christian message—one that transformed social and spiritual relationships for individuals and their communities alike.

*An Introduction to Torrance Theology* Aug 04 2020 For more than six decades, the brothers Torrance--Thomas, James and David--have had a tremendous influence on the theological world. They and particularly TF Torrance, have a devoted following world-wide and particularly in the US. Their high view of the fully human, fully divine Jesus is built upon the foundation of the Patristic writers, and the great Reformers from Calvin to Barth. Working in both pastoral and academic settings, the Torrances have stressed the profound implications of Christology for the mission of their Church and the daily life of Christians. Today, a generation of their students around the world find themselves in positions of

pastoral and theological leadership. The focus of this book is the person of Christ (christology), a subject central to the Torrance theological vision and one which has had great influence on the presbyterian church. The contributors explore the contemporary relevance of Torrance Christology in such areas as the nature of Christ, the atonement, the ministry of the Church, epistemology and inclusion in Christ. The result is a book that offers both a fresh introduction to the Torrance tradition even as it advances the Torrance thought along fresh avenues of theological exploration.

*A Plain Account of Christian Faithfulness* Dec 08 2020 The title of this work—*A Plain Account of Christian Faithfulness*—is a play on John Wesley's famous book, *A Plain Account of Christian Perfection*. It reflects the focus, character, and actions of David B. McEwan, for whom this book has been dedicated. The essays have been written by scholars from around the globe, each focusing on an aspect of faithfulness from a Wesleyan perspective, and covering the broad disciplines of Bible, theology, history, and pastoral theology. This book has something for everyone, and ultimately invites the reader into deeper Christian faith and faithfulness.

*Covenant, Community, and the Spirit* Dec 20 2021 This comprehensive textbook by a well-respected Reformed theologian brings together two perennial issues in Christian theology: the doctrine of the Holy Spirit and ecclesiology. It demonstrates the importance of the Holy Spirit in empowering the being and mission of the church and shows how the church's identity and calling are embedded in the larger covenantal purposes of the triune God. Accessibly written with pastors in training in mind, the book probes the classic rubrics of the church as the people of God, the body of Christ, and the temple of the Holy Spirit, igniting readers' ecclesiological imaginations and reclaiming a more biblical, theological, and pastoral vision of church.

**What is Constructive Theology?** Jul 03 2020 This essential introduction to contemporary constructive theology charts the most important disciplinary trends of the moment. It gives a historical overview of the field and discusses key hermeneutical and methodological concerns. The contributors apply a constructive perspective to a wide range of approaches,

ranging from biblical hermeneutics and postcolonial studies to comparative, political, and black theology. *What is Constructive Theology?* shows how diverse and interdisciplinary constructive theology can be by exploring key themes in the field. The contributors explore the porous boundaries between Christianity and other religions, reflect on contextual, liberation and constructive theologies from Africa and from Black British perspectives, explore the connection between embodiment, epistemology and hermeneutics, and take a constructive approach to the dangerous memories and theologies of colonial histories in Belgium and Native Americans in the United States. This sampler of the field will help you rethink theologies and find constructive alternatives.

Easter Fire Sep 16 2021 Widely embraced by homilists and those interested in reflecting more deeply on the daily Lectionary readings, Bishop Richard Sklba's *Fire Starters: Igniting the Holy in the Weekday Homily* has served as a practical resource for preparing engaging weekday homilies for Ordinary Time. After much anticipation, Bishop Sklba and coauthor Fr. Joseph Juknialis now offer *Easter Fire*, a welcome companion to support anyone called to preach at Easter weekday Masses. *Easter Fire* provides the biblical citations and summary phrases for the reading and the gospel plus the refrain from the psalm each day. After each citation, the authors offer a series of meaningful insights based on Scripture scholarship, their own prayerful reflection on the texts, and years of preaching and pastoral experience. These brief "bullet point" entries provide nuggets of knowledge and inspiration that will stimulate personal prayer and spark homily possibilities for the preacher every day. *Easter Fire* will ignite sparks that can be enflamed by God's Spirit, to not only enrich the spiritual journey but to add light and warmth for the preparation of weekday homilies during the Easter season.

Arabic Christian Theology Apr 23 2022 Theology is not done in a vacuum. Our theology is affected by the culture in which we live, and our theology can have unexpected effects on the lives of Christians who live thousands of miles away. This point emerges clearly as we listen to seven Arabic evangelical theologians address issues

that are of critical importance to Christians living as minorities in the Muslim world. North American readers may find that many of their assumptions are challenged as they see how respected Christian thinkers from a very different context address issues of biblical interpretation, national and international politics, culture and gender.

*The Theology of Louis-Marie Chauvet* Nov 26 2019 The Theology of Louis-Marie Chauvet provides a much needed accessible introduction to the philosophical and theological foundations of Chauvet's sacramental theology. Particular attention is given to his appropriation of Heidegger and use of the Social Sciences to elucidate the nature of the symbolic exchange that lies at the heart of the sacramental tradition. This book highlights the prophetic, deconstructive and even iconoclastic message for contemporary society and the church implicit in the Eucharistic liturgy. Common conceptions of God's presence and sacrifice are critically analyzed and the connection between sacramental worship and ethics is emphasized.

*Theology in the Present Age* Oct 25 2019 This volume of essays centers on the theme of doing Christian theology in the present postmodern context, a consistent theme of the teaching of

John D. Castelein. The work will celebrate and honor John's years of service by representing reflections of his teaching in the thought of his students and colleagues. The essays range over such topics as theological reflections on the postmodern philosophical themes, the relations between Christian theology and culture, the contributions of philosophical hermeneutics for Christian theology, and the challenges of engaging in ministry in a postmodern context. The seventeen contributors to the volume are former students and both present and former colleagues involved in various ministries, be they in a college setting or in a local church.

**The Heart of the Gospel** Mar 23 2022 For more than forty years, Robert E. Coleman's bestselling *The Master Plan of Evangelism* has been the standard in evangelism literature. But what is the theology behind evangelism? And why is it important for Christians to understand? *The Heart of the Gospel* offers a systematic theology of evangelism that will ground and inform our practice of spreading the Good News. Each chapter covers a major biblical doctrine, explains its various evangelical interpretations, treats misconceptions that adversely affect evangelism, and offers practical applications of the doctrine. Based on decades of classroom teaching, this comprehensive work is aimed at ministry readers interested in evangelism and outreach.

*Pentecostal Theology for the Twenty-First Century* May 01 2020 In our post 9/11 world where there is a growing religious fundamentalism, and when both exclusion and easy tolerance are inadequate options, this book offers a creative alternative arguing that Pentecostalism has the potential to be a peaceful harbinger of plurality. The potential lies in its spirituality - a lively pneumatology and eschatology. The eschatological Spirit is seen as orientated towards the other, crossing boundaries in redemptive embrace, transcending exclusion and easy tolerance. This book's non-Western perspective and the empirical contextual study of Singapore's multicultural and multi-faith context are unique contributions to religion and society. This is a book for students, pastors, teachers, and theologians concerned for an approach to mission that is sensitive to their context, who

want to learn from a creative theological voice from what has been perhaps the largest religious movement in history, and who see the immense potential in lively theology by Christians of the Chinese diaspora who can speak to the many millions of ethnic Chinese Christians. This book will also appeal to those outside Christianity who are interested in its attempts to engage with a complex multi-ethnic and multi-religious situation such as that in Singapore.

The Theology of the Apostles Mar 11 2021 Until this day, Adolf Schlatter's incisive theological work has remained something of a well-kept secret among English-speaking theologians and biblical scholars. The Anglo-American scholarly guild has been slow to award Schlatter the respect due him. During his lifetime, none of Schlatter's books were translated into English. His true stature, however, can be appreciated by the fact that the first volume of Gerhard Kittel's massive Theological Dictionary of the New Testament is dedicated to Kittel's teacher, Adolf Schlatter. While Schlatter may best be known for his commentaries on Matthew, John, or Romans, his theological approach is given its most pronounced expression in the two-volume *Die Theologie des Neuen Testaments*, written during his Tbingen years. Schlatter claimed the

primacy of historical research in New Testament theology, rejecting the intrusion of subjective, idealistic notions into the discipline. His insistence on the distinction between the two "horizons" of the biblical text, the ancient and the contemporary, and his affirmation of the preeminence of the first horizon are as timely today as they were then. At the same time, Schlatter did not rest content with historical exegesis. He urged the pursuit of "the doctrinal task ... [as] not only truth for the New Testament community, but also for us personally."

*Church Caritas Ministry in the Perspective of Caritas-Theology and Catholic Social Teaching* Dec 28 2019 Charitable services are sometimes held up as a "shop window" and Catholic social teaching as the "best kept secret" of the Church. Reaching far beyond the usual writings on this topic, the authors from four European topic relevant institutes attempt to formulate the inter-relation between these two spheres or missions of the Church in relation to the outside world, the importance of which is only tentatively questioned. Giampietro Dal Toso, current secretary of the Papal Council COR UNUM, points to the theological inspiration of the *Motu Proprio "Intima ecclesiae natura"* to show the dramatic change in the position of the charitable service within the Church Magisterium. Heinrich Pompey, distinguished scholar and proponent of Charitable Service Studies (*Caritaswissenschaft*) in Freiburg

(Germany) and Olomouc (Czech Republic) presents an exquisite model for conceptualisation of Charity-Theology. Rainer Gehrig, representative of Charitable Service Studies in Murcia (Spain) delivers a survey of the details and differences in emphasis put on the charitable service and Catholic Social Teaching, as well as a summary of academic institutes which offers an opportunity to study and explore the charitable services. Jakub Doležal, representative of Charitable Service Studies in Olomouc (Czech Republic) tables a model of integral caritas practice which maintains the balance between both courses of socio-pastoral mission.

*Fire Starters* May 25 2022 Though daily Mass is held most frequently, resources for daily homilies can be in short supply. In this book, Bishop Sklba offers a rich collection of ideas — fire starters — for preparing brief, spiritually nourishing homilies for daily Eucharist. Like building a campfire, where one ignites the logs with more easily flammable paper, these fire starters" are intended to provide the spark for weekday homilies. God's Spirit provides the flame. Each day, the biblical citations and summary phrases for the reading and the gospel plus the refrain from the psalm are provided. After each citation, Bishop Sklba offers a series of meaningful insights from his expertise as a Scripture scholar, prayerful study of Scripture, and many years of preaching and pastoral experience. These brief entries provide knowledge and inspiration that will stimulate personal prayer and spark homily possibilities for the preacher every day. Fire Starters will support anyone privileged to be called to leadership at weekday celebrations of the Eucharist to prepare for the important ministry of preaching. Bishop Richard J. Sklba served as auxiliary bishop of Milwaukee for over thirty years. He is a well-known biblical scholar, completing the licentiate in Sacred Scripture from the Pontifical Biblical Institute in Rome. He is a member and former president of the Catholic Biblical Association of America. He has served on many committees of the U.S. Conference of Catholic Bishops, chairing its subcommittee on the Review of Scripture Translations from 1991 to 2001. In 1988, he received the Catholic Theological Society of

America's John Courtney Murray Award for achievement in theology. "

### **How Youth Ministry Can Change**

**Theological Education -- If We Let It** Aug 28 2022 Since 1993, forty-nine theological seminaries have created opportunities for high school students to participate in on-campus High School Theology Programs (HSTPs) that invite them to engage in serious biblical and theological study. Many of the young people who take part in these programs go on to become pastoral or lay leaders in their churches. What has made these programs so successful — especially given the well-documented “crisis of faith” among young people today? In this book thirteen contributors — many of whom have created or led one of these innovative theology programs — investigate answers to this question. They examine the pedagogical practices the HSTPs have in common and explore how they are contributing to the leadership of the church. They then show how the lessons gleaned from these successful programs can help churches, denominations, and seminaries reimagine both theological

education and youth ministry.

Splitting the Day of the Lord Oct 06 2020 As ancient Israel's size and influence declined, her prophets began to increasingly predict a new act from God that would accomplish three things on a global scale: (1) a purifying judgment that would reset the scales of justice and remove the degrading effects of evil; (2) the carving out of a remnant community deeply devoted to Yahweh, expanding to include international participation; and (3) the ushering in of a messianic age in which goodness, harmony, and righteousness would pervade every dimension of life on earth. Jesus' disciples connected the prophetic Day of the Lord with his coming and redemptive work. Yet many questioned whether the full impact was made manifest in Jesus, since wars did not cease, broad judgment on sin and evil was not unleashed, and the full blessings of the predicted messianic age were not evident. Jesus did something that no one had anticipated, however, by splitting the Day of the Lord into two divine acts instead of one. This is what distinguishes Christianity from its Jewish roots, as well as its Islamic successor--neither of which acknowledge this unique aspect of Jesus' person and work, or the reworking of how and when the Day of the Lord would take place.

### **Frontiers of Hispanic Theology in the**

**United States** Aug 23 2019 With the emerging vitality of the Hispanic church in the United States, the voices of Hispanic theology raise a new and vital challenge. A bridge between the North American church and the liberation theology of Latin America, Hispanic theology reflects on the experience of faith rooted in the cultures, histories, and hopes of the Hispanic people here in the U.S. *Frontiers of Hispanic Theology in the United States* draws on the key figures and explores the central themes of Hispanic theology, including such issues as popular religion, spirituality, liturgy, Hispanic feminist perspectives, and the meaning of "mestizaje" as a source of theological reflection. What emerges is a truly contextual theology, rooted in the unique cultures and tradition of Hispanic Catholics, a theology which also issues a wider challenge to the Anglo church and the world theological community.

**New Testament Theology in a Secular World** Sep 24 2019 New Testament Theology in a

Secular World is an important and original new work in Christian apologetics. It is the first book to apply constructivist theory to biblical studies. Biblical Studies scholar Peter Lampe tackles head on such questions as: What do we understand by "reality?" How does this relate to what theology calls the "reality of God" or the "reality of resurrection?" How can we account for the concept of "revelation"? Lampe argues that in talking about "reality" theologians must make an effort to engage with the concept of "reality" as it is discussed in the fields of philosophical epistemology and sociology of knowledge. However, as Lampe shows, Theology has so far hardly or only reluctantly participated in this dialogue.

*Ministry on the Fireline* Oct 18 2021 "The best theory for fighting fires comes from actually engaging in the battle against the flames," Ray Anderson writes. "For the thousands of pastors and church leaders who are on the 'firelines' of God's mission in the world, we need a theology that sings, even as it stings, igniting the mind and stirring the heart." In these pages, then, Anderson passionately sets forth a vision of the church's work and mission based on its birthday: Pentecost. At Pentecost, Christians were given the Holy Spirit in order to understand the incarnation and come alive to God. So this key event directs and empowers the church in its service to the world. In the light of Pentecost we learn that we can come to know God only in praxis -- truth discovered through action. In the process of elucidating this praxis, Anderson seeks to construct a theology that not only truly respects and aids ministers on the firelines, but will also heal the breach between Pentecostal and mainline church theology.

Who Will Be A Witness Oct 30 2022 Churches have begun awakening to social and political injustices, often carried out in the name of Christianity. But once awakened, how will we respond? *Who Will Be a Witness* offers a vision for communities of faith to organize for deliverance and justice in their neighborhoods, states, and nation as an essential part of living out the call of Jesus. Author Drew G. I. Hart provides incisive insights into Scripture and history, along with illuminating personal stories, to help us identify how the witness of the church has become mangled by Christendom, white

supremacy, and religious nationalism. Hart provides a wide range of options for congregations seeking to give witness to Jesus' ethic of love for and solidarity with the vulnerable. At a time when many feel disillusioned and distressed, Hart calls the church to action, offering a way forward that is deeply rooted in the life and witness of Jesus. Dr. Hart's testimony is powerful, personal, and profound, serving as a compass that points the church to the future and offers us a path toward meaningful social change and a more faithful witness to the way of Jesus.

*A Biblical Theology of Christian Discipleship* Sep 28 2022 A Biblical Theology of Christian Discipleship is a spiritual resource that examines the biblical and theological doctrines to do ministry amid challenges and oppositions. The role of the church is to persuade individuals to establish a philosophy of authentic discipleship. This book challenges the church to walk humbly before God as genuine disciples. The primary focus is to carefully follow Christ's mandate of the Great Commission in Matthew 28:18-20, "Go and make disciples." More importantly, the book describes how the church can effectively use different methods and principles to better prepare believers for Christ.

**Spent Matches** Nov 30 2022 *Spent Matches* explores the possibility that a few small paradigm shifts within the church might make the difference between extinction and effectiveness. In fact, taking a clue from the automobile industry, the church might be able to not only halt the rapid decay in attendance but also become an effective tool in achieving Jesus' final command. For instance, the Hybrid car has become the answer to Detroit's environmental and oil crisis issues. Finding the synergy between two technologies, gas and electric has created a new day for the auto industry. Likewise, *Spent Matches* explores how the church can find synergy between two seemingly competing thoughts: an invitation to come and a command to go. The Hybrid metaphor brings energy to the church's mission and an explanation to the age-old argument of Missional versus Attractional methods. Features include:

Innovative ideas for growing the church  
Methods to reach those who may never have attended church  
Scripture passages that touch on the subject of church growth
