Influence of Ethnic-Based Scripts on Reading Fluency and Reading Comprehension of Secondary School Students Sep 06 2020 For many years, leaders have been concerned that the U.S. public educational system does not adequately prepare all citizens to develop the skills they need to live and work successfully in today's complex society. This book explores the local problem that secondary school students need to improve their reading abilities in areas of reading fluency and reading comprehension. In addition, this book highlights various research-based models, techniques in teaching individuals how to successfully accomplish reading fluency and reading comprehension.
