This is my life, my  
reality. I am not a  
vampire, not a real  
one anyway. I am  
simply the lucky  
lottery winner of an  
all-star line-up of  
illness. From  
Anemia to  
Xeroderma  
Pigmentosum and  
all points between.  
The real diseases  
which have helped  
created the  
Vampire myth. Yes,  
I drink blood and  
my skin burns in  
sunlight. But I don't  
change into animals  
and I don't live  
forever. Not by a  
longshot. I'll be  
lucky to see thirty.  
So will my friends.

We share the challenges of our disease, and the dream of living a normal life, as unlikely as that may be. A story wrote from the point of view of an innocent child growing up in an alcoholic, abusive environment, to a Teenage girl fleeing the insanity of home. This book goes in-depth about escaping abusive relationships, the effects it's had upon the victims through the eyes of a child, a mother & a wife. Finally the Author takes you on a journey along the paths of survival, Learning to heal, to learn from life's experiences eventually leading to the discovery of the woman, she has become today. 'No

one wanders through life dodging raindrops. However, it's a wonderful feeling to dance in those puddles. Screaming I have survived.' (Adia Harrington 2010) 'This classy, atmospheric thriller is always one step ahead' Heat A gripping psychological thriller for fans of The Couple Next Door, I Let You In and The Girl Before There's a stranger living in Kimber Hannon's house. He tells the police that he has every right to be there, and he has the paperwork to prove it. But Kimber definitely didn't invite this man to move in. He tells her that he knows something about her, and he wants everyone else

to know it too. "I was there. I saw what you did." These words reveal a connection to Kimber's distant past, and dark secrets she'd long ago left buried. This trespasser isn't after anything as simple as her money or her home. He wants to move into her carefully orchestrated life - and destroy it. \*\*\*\*\* Readers are LOVING The Stranger Inside 'I was captivated by it from the very first chapter' 'This is the definition of a page turner' 'Full of secrets, lies, twists and turns' 'Oh wow! soon!) 1908, Manchester. Mary Maitland is an attractive and intelligent young woman determined to strike out on her own and earn a living. Finding work at a women's employment agency, her creative talent is soon noticed and Mary begins writing articles for newspapers and magazines. But being of independent and progressive mind are troublesome traits when those you hold dear must constantly live up to the expectations of the well-to-do family to which they are linked. With increasing pressures from the powers that be, can Mary find the fine line between

honouring her family and honouring herself? Beth Cochran has never known the true stability of a family. Her mother died shortly after her birth, and her father is perpetually absent and verbally abusive. Handsome bounty hunter, Tyson Seals, can't imagine going through any situation without his doting parents and bevy of siblings by his side. Feeling responsible for the death of the man everybody supposed Beth would marry, he's compelled to ask for her forgiveness. Their two very different cultures collide when excitement, complications, secrets, hidden and

overt dangers litter their path. Will they discover how a common belief in Christ can bind them? Promoted as a 'disturbingly perfect' and 'deeply shallow' television drama and created by Ryan Murphy, who is also behind the teen musical show Glee, Nip/Tuck has been one of the most popular and controversial shows on cable TV. The misadventures and soap opera-esque entanglements of the lives of plastic surgeons Christian Troy (Julian McMahon) and Sean McNamara (Dylan Walsh) won Golden Globes and boycotts from the American Family Association. Yet, as this first full critical examination of

Nip/Tuck shows, ironically the show is an examination of the American family and its many definitions, anxieties and complications of gender and sexuality, and the class issues and illusions surrounding the American dream. It is also revealed as a glorious televisual melodrama, full of Gothic tropes and contemporary sensationalism and at the same time, a deeply misanthropic satire on the American dream with a sometimes highly problematic portrayal of women and minorities. The book also features an interview with frequent Nip/Tuck director Elodie Keene and an

episode guide. Twenty-four-year-old Sidney McKenna is an aspiring songwriter and hopeless romantic with an appetite for independence. Thanks to his successful parents and a family friend, Sidney has the means to pursue his dream of becoming a force in the competitive, straight, and male-dominated music industry that pumps through the heart of Atlanta, Georgia. Although everyone believes in Sidney's talent and supports his eagerness to continue his journey in such an uncertain industry, he begins to second-guess himself when faced with the hip-hop community's open opposition of

the gay lifestyle. As Sidney attempts to prove himself to his peers, he is also challenged with the scrutiny that accompanies life in the public eye as well as an unexpected romance with the power to forever change the course of his life and career. Now it is up to Sidney to navigate through a world filled with highs and lows, taboos, and jealousy in order to attain what he has always wanted. In this urban tale, an aspiring songwriter sets out on a quest to find self-sufficiency, success, and love while pulling back the curtain to expose Atlanta's exciting, but fickle music industry. No matter

how hard she tried, Kimber Gray always seemed to manage to get knocked back down a peg or two. She was a top-rate chef and graduated at the top of her class, but no matter how hard she tried, no one would acknowledge it. Now, blackballed in the only profession she knew, she was a failure to the one that mattered most—her daughter, Hannah. With no recourse left to her, she'd have to grovel and beg her aunt for help. Lee Emerson was glad to be back home for a while. He loved what he did. Being a food critic and helping failing restaurants was a dream job come true. But he was tired of traveling and just

wanted to take care of things around the house and relax for a change. Slone, Hunter's mate, wanted to open a fancy restaurant and have Lee run it. He wasn't so sure about that, but he'd love nothing better than to hire that chef that had prepared the last meal he'd had in France before he left. It was the best meal he'd ever eaten, and he had been disappointed when he found out the man had left before he could tell him so. The slush claiming to cook the meal wasn't the cook, and he'd bet his last dollar on it. Kimber had had it. Her aunt had gone too far this time, and there was no way she'd expose

her little girl to such meanness again. They'd live on the street first, and she was trying to tell Slone that she wasn't a charity case. That she could provide for her daughter somehow when the most gorgeous man she'd ever seen cornered her, snarling that he'd protect her with his life. Ah, hell no. Who in the hell did he think he was? Jessie, at age forty-two unexpectedly loses her husband to a heart attack and instantly becomes a single mom to her two teenage daughters. After six months she is still unable to grieve for him and feels that their marriage had been so full of regret, and wonders if she

really ever loved him at all. Keeping her thoughts and feelings to herself she continues to give support to her daughter's in the loss of their father while secretly struggling to find her own peace. Will is a landscape designer John Freeman was one of Britain's most extraordinary public figures for over half a century: a renaissance man who constantly reinvented himself; a household name who sought complete anonymity. From advertising executive to war hero to MP tipped to be Prime Minister, Freeman then changed direction to become a seminal television interviewer and

editor of the New Statesman. He subsequently remodelled himself yet again to become, in turn, an ambassador, a TV mogul, a university professor and, finally, in retirement, a well-known bowls player in south London. Freeman packed nine lives into his ninety-nine years, but all he really wanted was to be forgotten. The paradox of this private celebrity was captured by the very series that made him famous: Face to Face. While Freeman remorselessly interrogated the stars of his age, he himself sat in the shadows, his back to the camera. He was the grand inquisitor, exposing

the personalities behind the public figures - but never his own. For ten years, Hugh Purcell has been tracking Freeman's story, trying to come face to face with this enigma who believed in changing his life - and his wife - every ten years. Why did Freeman want to forget what most old men would be proud to remember? Why did he try to erase himself from history? And yet, despite Freeman's best efforts to be ignored, his death in 2014 was marked by an enormous outpouring of appreciation and admiration. With his life now free from its shroud of inscrutability, the true story of this

incredibly multifaceted man can finally be told. What does an almost middle-aged guy like me have in common with a young woman who was never allowed to grow up? Not much... Other than death. Greer accepts responsibility for taking life for granted. But the weight of others' expectations leaves her existing in the past. She stands on one side of a deep chasm, tied down by regrets that highlight a bleak future. When Greer needs a lift, I recognize our histories are strikingly similar, and I'm struggling as much with being left behind by the people I held dear. But can two lonely

hearts bridge the gap together and find a promise for tomorrow? At 23, Hugh McGuire had his life figured out. He was on top of the world, and nothing could stop him. In the blink of an eye, it all changed, when a disgruntled employee, Burton Dunn, shot and killed Hugh's parents, and attempted to take Hugh's life as well. Hugh's life would never be the same, and twelve years later, Hugh was a depressed and somewhat bitter man that could now see and speak with the dead. Kimber Dunn had been a sickly child, and on her deathbed, her nurse, a leopard shifter took pity on her and converted

Kimber to save her life. Now Kimber couldn't run far enough to outrun her brother's murderous deed. Spending most of her days as a leopard kept her hidden well. But when fate threw her in front of the one man she'd been hiding from all these years, Hugh McGuire, her cat knew him for who he was...her mate...the only thing she knew to do was run...run as fast and as far as she could.... **I used to think I was safe when I dream...now**

**, I know better.**

You see, when you go to sleep, there's a whole other magical world. It exists in your head, but it's no less real than the one you occupy when you're conscious. Supernatural creatures lurk in the shadows, desperate to steal part of your soul so they can thrive. You might think your depression or aches and pains are caused by stress. I know better, and I'm trying to do something about it. But the darkness is slippery and being a dream warrior is harder than it sounds.

My name is Amelia Blake, and I'm a

dreamwalker. I'm also one of the only things standing between you and a horde of nightmarish soul-suckers. Although I recently escaped the Erobos and wasn't infected by Eros, I am not the same.

Unfortunately, others on my team are noticing. All I know is I need to find a way to break Seth's curse. It's the only option if we're going to win...and we have to win. I don't know who to trust or what will happen next but trusting the wrong person will tie me and everyone I'm trying to protect to permanent darkness.

Wish me luck...I'm going to need it.

preparing and getting ready for it. This and so many more twists and turns are about to await you in this first installment of the Living the Life series. It's all she's ever wanted to be, but it couldn't be further from her grasp... Dana Hathaway doesn't know it yet, but she's in big trouble. When her alcoholic mom shows up at her voice recital drunk, again, Dana decides she's had enough and runs away to find her mysterious father in Avalon: the only place on Earth where the regular, everyday world and the captivating, magical world of Faerie intersect. But from the moment Dana sets foot in Avalon,

everything goes wrong, for it turns out she isn't just an ordinary teenage girl—she's a Faeriewalker, a rare individual who can travel between both worlds, and the only person who can bring magic into the human world and technology into Faerie. Soon, Dana finds herself tangled up in a cutthroat game of Fae politics. Someone's trying to kill her, and everyone seems to want something from her, from her newfound friends and family to Ethan, the hot Fae guy Dana figures she'll never have a chance with... until she does. Caught between two worlds, Dana isn't sure where she'll

ever fit in and who can be trusted, not to mention if her world will ever be normal again... When Dana is invited to Faerie to be officially presented at the Seelie Court, it's no easy decision. After all, everyone knows Titania, the Seelie Queen, wants her dead. But Titania claims not to be the one behind the death threats; and her son, Prince Henry, makes the decision a whole lot easier when he suggests Dana might be arrested for (supposedly) conspiring with her aunt Grace to usurp the Seelie throne. So she and her father better do as they're told . . . The journey through Faerie is long—and treacherous. Dana

thought it would be a good idea to have friends along, but her sort-of-boyfriend, Ethan, and her bodyguard's son, Keane, just can't seem to get along, and Kimber's crush on Keane isn't making things any easier. When a violent attack separates Dana from their caravan, the sexy Erlking saves her just in the nick of time . . . and makes it clear that he hasn't given up on making her his own. Arriving at Titania's beautiful palace should be a relief. But Dana is soon implicated in an assassination attempt against Titania's granddaughter, and is suddenly a fugitive, forced to leave her father

behind as she and her friends flee for their lives. Will she be able to prove her innocence before the forces of the Seelie Court—or, worse, the Erlking—catch up with her? And will she save her father before he pays the ultimate price in her stead? Sirensong is book three in Jenna Black's enchanting Faeriewalker series. Rachel and Alice are an extremely rare form of identical twins--so identical that even their aunt and uncle, whom they've lived with since their parents passed away when the girls were nine, can't tell them apart. The sisters are connected by an intense bond that goes way beyond

their surfaces and borders on the supernatural: when one experiences pain, the other exhibits the exact same signs of stress, too. So when troubled Alice disappears mysteriously one night, good-girl Rachel knows something is wrong--especially when Rachel starts experiencing serious physical traumas, even though nobody has touched her. What Rachel can't tell anyone is that she and Alice sometimes switched places, reveling in the possibility of being the "good one" or the "bad one" for a day. And that Rachel . . . is really Alice, continuing to masquerade as her

twin. So then, what happened to her sister? Could whoever abducted her sister really have meant to take her, instead? And can she find the real Rachel before it's too late for both of them? A story wrote from the point of view of an innocent child growing up in an alcoholic, abusive environment, to a Teenage girl fleeing the insanity of home. This book goes in-depth about escaping abusive relationships, the effects it's had upon the victims through the eyes of a child, a mother & a wife. Finally the Author takes you on a journey along the paths of survival. Learning to heal, to learn from life's experiences

eventually leading to the discovery of the woman, she has become today. 'No one wanders through life dodging raindrops. However, it's a wonderful feeling to dance in those puddles. Screaming I have survived.' Life is becoming more complicated for soul reader Honor Melanie 'Mel" Sullivan. Her boss needs help with his rebellious teen daughter who believes rules are made to be broken and her current boyfriend Homeland Security agent Mick Petrov is becoming an absentee lover, dropping hints about a major decision he faces. To make it worse, Mel's ex, 3 Peaks detective 'Billy the

Kid' McCarty wants her back. And those aren't the only challenges... When a paramilitary group called New Dawn wants her soul-reading skills, Mel meets five-year-old twins who steal her heart. Unwilling to abandon the motherless children, she strikes a deal with the compound's charismatic leader. Drawn deeper and deeper into New Dawn's twisted agenda, Mel must figure out a way to save the twins and herself before it's too late. As an author I have found that just watching what goes on around me or in my own life I can come up with a novel. Letters to the Abused I wrote as

self help as I was in a tough relationship it was a form of healing for me, The Love Triangle was based on a life of someone close to me. Names were changed to protect others. This novel The Shattered Heart reaches out to the teens and parents of teens as to what happens when children have children. I have a preteen grand daughter and a teen step daughter I feel that this would help them to know what not to do. That boys are not worth an education or a friendship being ruined. While some may be able to bounce back and make a choice to put the child up for adoption some feel they want to raise their child and quit

school. We live in an age where parents both work or there is only one parent children are being left alone and have no supervision or if they do they may be in a situation with a death of a parent and this makes them search for what is missing. A funny, frank and bittersweet look at sisters, marriage and moving on, from the New York Times bestselling author of the Blue Heron series Letting go of her ex-husband is harder than wedding-dress designer Jenny Tate expected...especially since his new wife wants to be Jenny's new best friend. Needing closure, Jenny trades the Manhattan skyline

for her hometown up the Hudson, where she'll start her own business and bask in her sister Rachel's picture-perfect family life...and maybe even find a little romance of her own with Leo, her downstairs neighbor, who's utterly irresistible and annoyingly distant at the same time. Rachel's idyllic marriage, however, is imploding after she discovers what looks like her husband's infidelity. She always thought she'd walk away in this situation but now she's wavering, much to Jenny's surprise. Rachel points to their parents' perfect marriage as a shining example of patience and

forgiveness; but to protect her sister, Jenny may have to tarnish that memory—and their relationship—and reveal a family secret she's been keeping since childhood. Both Rachel and Jenny will have to come to terms with the past and the present, and find a way to help each other get what they want most of all. Royal By blood. Bastard by choice. Especially not a bossy biker who claims my family ordered him to find me. Refusing him was mistake

number one.  
Number two was attempting to seduce my way out of the situation. I've been taken by the biker, but I don't know if I want him to let me go.  
Bewitching The Biker I'm an outlaw. A man who takes what he wants without asking, and what I want is her. I've been bewitched by a vixen. The witch has me under her spell. She hexed me. Everyone thinks I'm crazy, but I'll prove it. I'm not supposed to fear anything. I never have. Until her. They call me Sandman but Bianca is the one haunting my dreams. The Biker's Cherry Navarro I'm a prospect. The low man in the

hierarchy of my club. There's nothing I want more than being a Royal Bastard but her. Kimber is off limits. Too damn young and wild for a man like me. I try to keep my distance, but no matter where I turn, there she is. Alluring and forbidden. One temptation I'm not sure I can resist. When she calls me in distress, I don't hesitate to answer even if doing so may cost me everything. Including my life. Kimber I know I shouldn't pine after Navarro. He's a prospect for my Uncle Link's MC. A man who will break my heart. I know men like him only want one thing. Only the harder he

pushes me away, the more determined I am to make him mine. In the pursuit of happiness, I make a mistake with deadly consequences. Will Nav forgive me, or will I destroy the one man with the power to save me?  
Ready or Not,  
Christmas Is Coming  
Christmas—whether you really love it, secretly dread it, or fall somewhere in between—shows up the same time every year, as unavoidable as your aunt's fruitcake. But next season, don't stress your "elf" out. Be ready with this amazing planner designed to help you get a handle on the holidays. Stay organized (and sane) when you put

expectations aside and choose to focus on the things you truly want to do during Christmas. You'll be amazed at what you can accomplish with just a little more organization and less obligation. The simple projects in this book will help you stay on schedule so you can spend more time enjoying your friends and family instead of frantically trying to cobble Christmas together at the last minute (again). You can do this! Let clutter-free queen Kathi Lipp show you how. A beautiful, enchanting story of love, happiness—\*Record needle scratches across vinyl\* I'm just f==king with

you. Love, happiness, and fairy tales... Yeah, they don't live here anymore. The only things residing amongst these thin and baren walls are Dominance, submission, and twisted obsession. Stella gets knocked down over and over throughout her life... Though she is bloodied and battered she stands back up every single time, smirks and nods before asking, "That all you got?". Wesley has shoved his way through the rich life with both middle fingers up. He's also shoved his way through half of the socialite population, but all that vanilla lifestyle has left him a starved man. He knows he can't keep his Dom fed

with kinky little masochistic vanilla's anymore. On his mission to find the perfect sub, Wesley stumbles across a broken, shattered angel, only to find when she comes up swinging, that this little angel knows how to fight. He wants to be the one who breaks her... But it's not a question of who breaks her, the question is who destroys her. "We will fight, angel. We'll fight hard. But it'll be worth every strike below the belt. Every hateful or spiteful word said, because when we love, when we fuck, when our passion reaches an intensity so goddamn powerful like it has every single time, it'll

extinguish all the bad. I want all your hate, Stell... Just as much as I want all your love. We are doing this. And there isn't a damn thing you can do to stop it, angel. Is that understood?"

firearms executive pulls back the curtain on America's multibillion-dollar gun industry, exposing how it fostered extremism and racism, radicalizing the nation and bringing cultural division to a boiling point. As an avid hunter, outdoorsman, and conservationist—all things that the firearms industry was built on—Ryan Busse chased a childhood dream and built a successful career selling millions of firearms for one of America's most popular gun companies. But blinded by the promise of massive profits, the gun industry abandoned its self-imposed decency in favor of

hardline conservatism and McCarthyesque internal policing, sowing irreparable division in our politics and society. That drove Busse to do something few other gun executives have done: he's ending his 30-year career in the industry to show us how and why we got here. *Gunfight* is an insider's call-out of a wild, secretive, and critically important industry. It shows us how America's gun industry shifted from prioritizing safety and ethics to one that is addicted to fear, conspiracy, intolerance, and secrecy. It recounts Busse's personal transformation and shows how authoritarianism

spreads in the guise of freedom, how voicing one's conscience becomes an act of treason in a culture that demands sameness and loyalty. *Gunfight* offers a valuable perspective as the nation struggles to choose between armed violence or healing. Jody Kaye, the creator of the *Kingsbrier Quintuplets*, presents a steamy southern romance series set in the heart of Carolina. From adoption, addiction, and assault to disability bias, these emotionally charged novels follow how the impact of a single event can shatter a life. The thought-provoking journeys of strong heroines

and obsessive antiheroes are told in the relatable, captivating style readers have come to adore. And the depth of dimensional characters live up to the expectations set in her previous small town romance books. In this romance collection... A birthday gift leads to a life-changing confession, an assault survivor finds comfort in the arms of a surprising friend, and a single dad proves to a stripper there's more to falling in love than meets the eye. With strength and determination to overcome the odds, be prepared for the *Mill Girls'* love stories to tear at your heartstrings and their

friendships to weave their way into your soul!
